DETAILED ACTION

1 A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/22/2003 has been entered.

2 Claims 47-71 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

3 The following is an examiner's statement of reasons for allowance:

Although, Baeck et al. (US 5,679,630) teaches a protease-containing cleaning compositions and method for cleaning fabric, dishes and personal cleaning (see col. 2, lines 17-32) wherein the compositions comprise protease variant having an amino acid sequence derived by replacement of a plurality of amino acid residues with one or more amino acid residues at different positions, the reference does not teach or disclose the positions of the substitution as required by the instant amended claims. Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of cleaning formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
